

8 April 2022

### Southern Tiare 38N Voyage Update

Dear Valued Customers,

We are pleased to announce confirmation of the Southern Tiare 38N voyage later this month. Confirmation of the April voyage follows cooperation with, and confirmation from both the Norfolk Island Regional Council and Department of Infrastructure Transport, Regional Development and Communications of a fully operational lighterage service from end-April. All parties have been working closely to prepare for the new lighter vessels following retirement of the old lighters earlier this year.

The new lighters are scheduled to load in Port Anthony on the 20-21<sup>st</sup> April, arriving 28–29<sup>th</sup> April. This voyage is not operated by NPDL, with the Southern Tiare 38N schedule dependent upon prompt delivery and operation of the new lighters. We will continue to work closely with various partners to ensure NPDL assist wherever possible.

An update schedule of the Southern Tiare 38N as below:

Port	ETD	ETA
Auckland	24-Apr	
Norfolk		29-Apr

We remain committed to the servicing the Norfolk community. We continue to work to deliver a regular, reliable Southern Tiare service and we continue to review other opportunities to inject additional capacity to better serve the community through 2022 and beyond.

Thank you for your continued support, should you have any further questions or queries please contact your NPDL representative.

Sincerely,  
**NPDL**
