CALPAC – Return of NPD California and phase-in schedule

Dear Valued Customer,

We are pleased to advise that the *NPD California* has departed from Fiji and is enroute for the US West Coast, returning to our CALPAC service following the completion of necessary repairs.

As part of her phase-in process, she will first call Long Beach and Oakland **only to discharge cargo that was loaded on her previous Voyage 2613N.**

She will then anchor outside Oakland before returning to berth on 22 October 2026 (ETA) to commence **Voyage 2617**, calling Long Beach second.

The updated voyage schedules are as follows:

Vessel Voyage (ETA)	Long Beach	Oakland	Long Beach	Papeete	Apia	Pago Pago
NPD California 2613N	17-Oct	19-Oct	-	-	-	-
NPD California 2617S	-	22-Oct	24-Oct	5-Nov	10-Nov	11-Nov

Thank you for your continued support and understanding during this period of disruption. Should you have any further questions, please contact your Neptune Pacific representative.

Sincerely,

Neptune Pacific
