## **CALPAC Service – Delays and updated schedule for NPDL California 2601**

Dear Valued Customer,

We regret to advise that following port closures in Samoa, port congestion in American Samoa, combined with berth unavailability over Christmas in Long Beach on arrival, the NPDL California Voy 2601S will be delayed working through the US West Coast.

The forward schedule is as follows:

Vessel (ETA)	Long Beach	Oakland	Papeete	Apia	Pago Pago	Long Beach	Oakland
N.California 2601S/N	27-Dec	29-Dec	8-Jan	14-Jan	14-Jan	29-Jan	31-Jan

There will be a need to rectify the schedule going forward and this is being progressed currently and we will confirm the plan and the forward schedule, in due course.

We thank you for your continued support, should you have any further questions or queries please contact your Neptune Pacific representative.

Wishing you all a very happy and safe holiday period.

Sincerely,

**Neptune Pacific**
