## Kiritimati Port Weight Restriction

Dear Valued Customer,

We would like to update you of the weight restrictions for shipments to Kiritimati Island.

Due to operational challenges at the Port of Kiritimati, until further notice, we will no longer be accepting full containers weighing more than 25 tons per container on NPD vessels, to be delivered out of the port gates.

We can continue accept heavier containers, packed to the max capacity of the container, but these must be unpacked within the port area. All costs and management for this service must be arranged by the importers with the Port company.

Whilst these challenges are beyond our control, the weight restrictions will take effect immediately and will be in place until further notice. We will keep you informed if this restriction is lifted.

Thank you for your continued support, should you have any further questions or queries please contact your NPD representative.

Sincerely,  
**NPD**
