### Update – Network Enhancements

Dear Valued Customers,

Further to our Network update of 24<sup>th</sup> December, we are very pleased to advise we have been able to bring forward some of the enhancement planned for the second quarter. Please note details below that are reflected in this week's schedule:

- **New Zealand to Tonga and Tahiti Service** – The Capitaine Dampier will commence her deployment in this service from voyage 184 estimated to depart Auckland on the 8<sup>th</sup> February. The Capitaine Dampier will deliver increased capacity to both the Tahiti and Tonga markets.
- **New Zealand to Samoa and American Samoa Service** – From the Southern Moana v44 estimated to depart Auckland on the 5<sup>th</sup> February we will commence a direct and dedicated service to Samoa and American Samoa from Auckland increasing capacity & service frequency.
- **New Zealand to Noumea and Vanuatu** – The Capitaine Magellan will proceed to dry dock following v 13, service will be covered by the Southern Trader, Southern Moana and Southern Pearl for subsequent voyages until the Magellan returns to the service.
- **Fiji Services** – From the Capitaine Wallis v384 & the Southern Pearl v1491 both vessels will return to their regular rotations.

These service enhancements will align network capacity with demand and enhance connections to and from the pacific nations we serve. Whilst we expect congestion, disruption and overall supply chain challenges to remain prevalent through 2022 our commitment to our pacific communities remains steadfast and we thank you for your ongoing support.

Should you have any further questions please contact you NPD L representative.

Yours sincerely,

**NPD L**
