## Update to Wallis and Futuna service schedule

Dear Valued Customers,

We wanted to update you on the future expectations for our service into Wallis and Futuna for the next month.

We welcomed back the “Southern Pearl” from her operations in Dry Dock in China and she has redeployed into our INTRAPAC service, offering direct coverage from New Caledonia, via Fiji into Wallis and Futuna on the current voyage.

Unfortunately over the Christmas and holiday season, there has been operational delays driven by the challenges of port operations in this period, as well as congestion in ports en-route.

We acknowledge these delays and are currently working on a plan to add contingences to our INTRAPAC schedule, to address future operations and create more certainty for the market.

Please find below an updated schedule for the “Southern Pearl” on her current and next voyage.
