## NZPAC - Capitaine Tupaia Dry Docking and Schedule Change

Dear Valued Customer,

Due to the Capitaine Tupaia’s scheduled dry dock she will be performing a truncated rotation on voyage 0516.

She will carry out her usual rotation up to Lautoka and then only a discharge operation in Apia before heading to Asia. The dry dock in Asia is expected to take around 20-days and as a result, there will be adjustments made to the NZPAC vessels and schedules.

The forward schedule will be:

Vessel Voyage (ETA)	Tauranga	Auckland	Suva	Lautoka	Apia	Pago Pago
Capitaine Tupaia 0516	13-May	14-May	19-May	20-May	26-May	OMIT

To cater for this change, the Capitaine Tasman Voy 0517 will now call Pago Pago instead of Nuku’alofa. All subsequent sailings in NZPAC, will switch Pago Pago and Nuku’alofa calls, to maintain the frequency. This will be reflected in our weekly schedules.

This schedule dry dock is essential to ensure the continued safety, efficiency, and compliance of the Tupaia with maritime regulations. We thank you for your continued support, should you have any further questions or queries please contact your NPD representative.

Sincerely,

**NPD**
